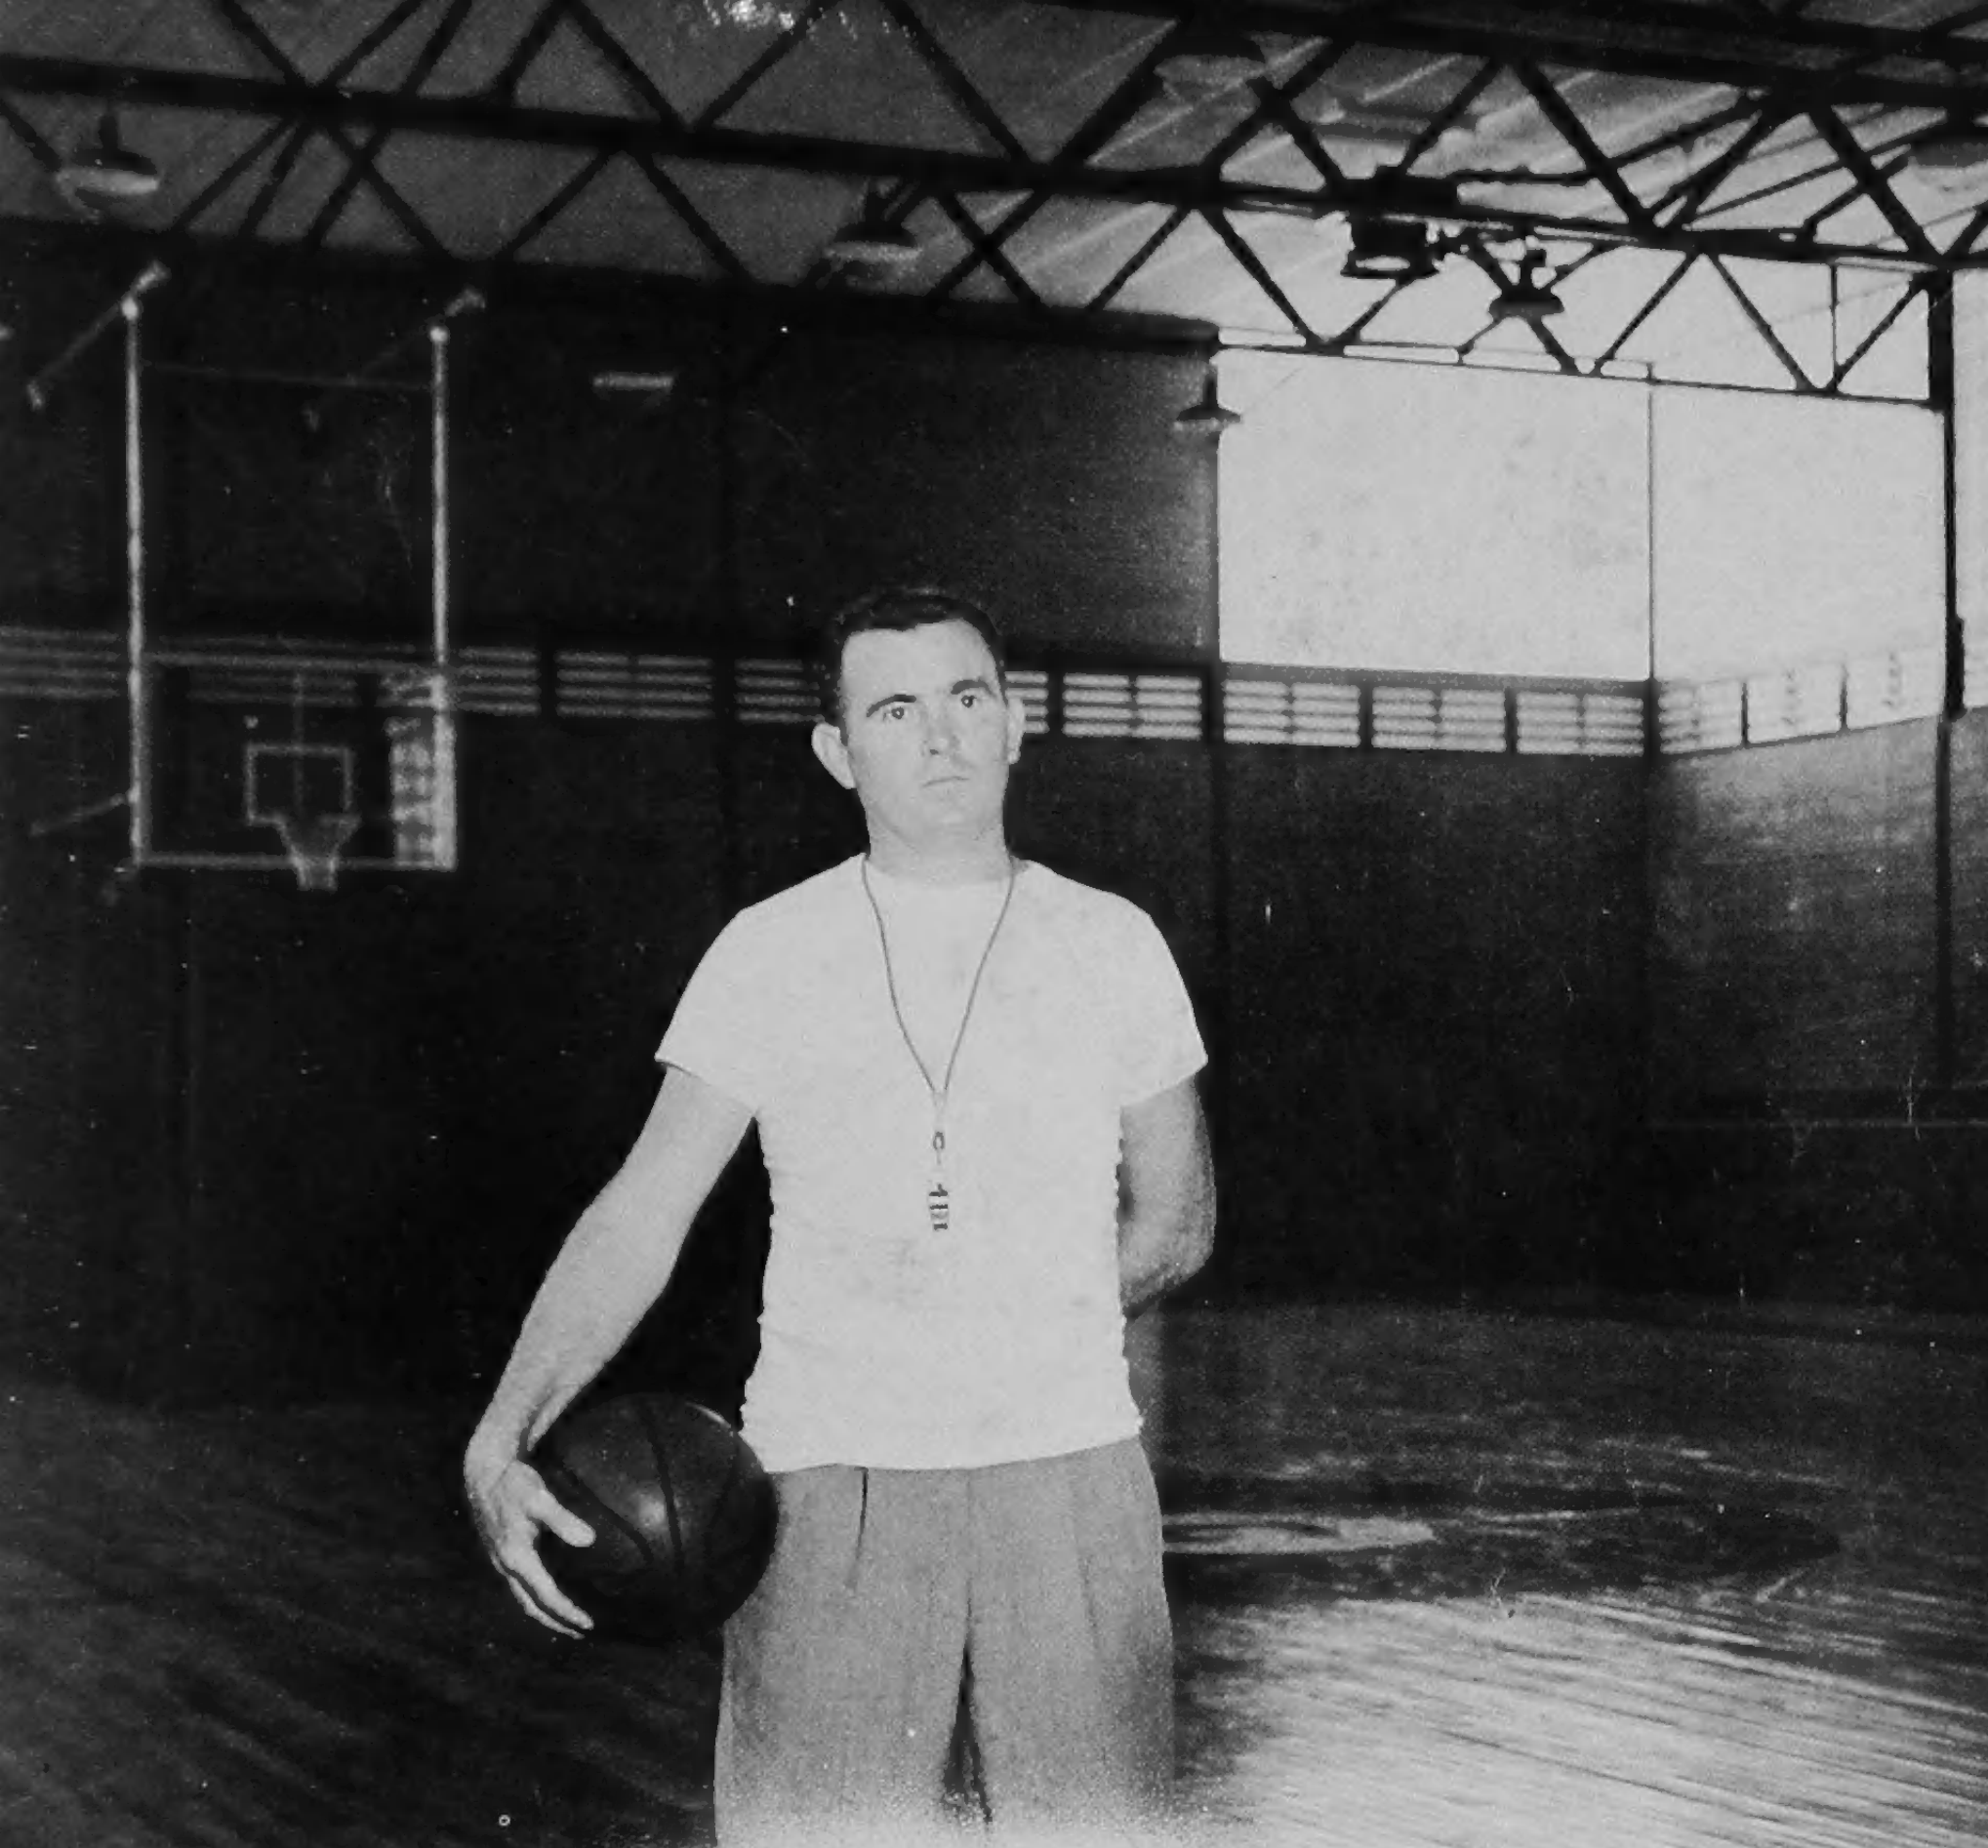
Foreword

We, the Seniors of 1959, hope that YOU, the students of C. H. S., enjoy your annual this year and in the future look in it with pleasant memories of all your classmates and especially of us, the Seniors.



Dedication

As we, the Seniors of 1959, prepare to leave Columbia High School, there is one person who stands out in our memory. This person carefully guided us through our sophomore year, and during that year we learned to depend on him for guidance and understanding which he has continued to give us through our high school careers. When we needed advice, he was our advisor. When we wanted help, he was our helper. When we were confused or bewildered, he became our leader.

He and sports have been synonymous at Columbia High School for the past three years. He spurred us on to victory, but more important he taught us how to be good sports and how to face many problems both in athletics and in life. He has not only been a good coach and a favorite teacher, but a friend whose guidance and inspiration will go with us through life.

With great pride and humbleness, we dedicate this "1959 Columbian" to MR. FRED JOHNSON.

Class History

In 1947 we, the Seniors, started making our history at C. H. S. when Mrs. Camille Everton and Miss Mary E. Weeks welcomed us into the First Grade. We were all very excited over beginning our first year at school. After learning how to read, "Baby Ruth is here. Baby Ruth can run," we were promoted to Mrs. Rachel Spencer's Second Grade. Mrs. Jane Pollard and Mrs. Helen Melson greeted us as we stepped into the Third Grade. Miss Martha Sykes and Mrs. Lillian Fisher, our Fourth Grade teachers, taught us many things, including how to put away our childish habits. In the Fifth Grade our class was together, with Miss Rose Bateman as our teacher. When the next year rolled around, we were again s e p a r a t e d, with Mrs. Mary Walker and Miss Hettie Jones teaching us. In the Seventh Grade, five Gum Neck students invaded the tranquillity of our class while Mrs. Mary Walker and Mrs. Florence Chaplin taught us. All through the grammar grades, it seemed as though we would never reach high school, but there we stood, just itching to get into high school, with Miss Jessie Flythe and Mrs. Mary Walker as our Eighth Grade teachers.

Then we were in high school! That wonderful, big, frightening world where we, as Freshmen, were lost but struggling hard to get a foot-hold while Mrs. Margurite Christjohn, and later Mrs. Eloise Smith, guided us.

In our Sophomore year, C. H. S. was privileged to get two new teachers, Mr. Fred Johnson and Mr. J. C. Winstead, with Mr. Johnson as our homeroom teacher. We were immensely proud of all the money we made by selling shirts since that was our first money-making plan. We also served at the Junior-Senior Banquet.

Our Junior year was filled with exciting things like our play entitled, "No Boys Allowed," our trip to Washington, and getting our class rings.

Finally we were Seniors, which is almost as scary as being Freshmen. Anna Jo Everton, a new student from Norfolk, joined us, but we lost Ann Spencer Brickhouse, and now we are busy planning our annual and getting ready for Homecoming.

When we receive our diplomas, the history of our class as a group ends, and each member will write his own history by his future deeds. May we all have bright futures!

Class Poem

Tomorrow we face the gateway to life,
A challenge to the end.
Success or failure—depends on us;
Each lies around the bend.
So conquer what is before you;
Cherish what we leave behind.
Let's greet the world with open arms,
The Class of '59!

Class Prophecy

"Nine! Eight! Seven! Six! Five! Four! Three! Two! One! Zero! Blast off!" As I take off in my new 1970 Cadillac Super-Sonic Rocket on my trip from the parking lot in my old home town, Columbia, North Carolina, to my winter resort on the moon, the sight of the old school building brings back memories of my classmates.

About halfway to the moon, I see a round, spiked object coming toward me. As it hurtles past, I see a familiar face. I read in the newspapers that the United States has sent up a human in a satellite, and I laughed when I read that that "human" was MORRIS PRITCHETT. He is scheduled to land today, so evidently he is on his way down.

As I settle down for the rest of the ride, I pick up a movie magazine. As I read the gossip column, "Under Mozella's Hat," I see what MOZELLA BRICKHOUSE has to say about the latest stars.

CARL RAY ALEXANDER, or Speed-Along Satellite, as he is now known, is the latest craze in the cowboy world. Instead of a horse, Speed-Along has a jet-mobile. PAT BRICKHOUSE, or Tex Orbit, as he is known, is Speed-Along's sidekick.

SUE SNELL is a rocket driver. She drives the 9:05 Moon Special every day. She didn't have to take any special training to be a driver. The Company said she had had enough training on her old Gum Neck bus route.

MADGE MORRIS is over in Africa now. She is a missionary. Last year when she came back to the United States for the first time in ten years, she brought back with her a cannibal named Friday. Friday is Madge's right-hand man. CARL DAVIS is over there with Madge. He is her left-hand man. He paddles her canoe up and down the Congo; sort of a personal chauffeur.

MINNIE LOU HOPKINS is the Editor of one of America's leading magazines, "100 Effective Diets."

SELDON BRICKHOUSE is a door-to-door Band-Aid salesman. Those Band-Aids come in handy, especially when people slam doors on his fingers.

BOBBY FURLOUGH is playing professional football for the Washington Redskins. The stadium is located on the moon. Bobby jumped to throw a pass and went into orbit. They had a time trying to get him down.

ALMA LEE DAVENPORT is now a big Rock 'n' Roll singer. The critics have said that she's a female Elvis Presley. Of course, she's changed her name. She's now called Avis Parsley. LOUISE HASSELL is her guitarist. They make a great team.

DAVID COHOON is a big-time plantation owner. He's just bought all of Gum Neck. He's trying to train mosquitoes not to bite, just to bark. He says that they make wonderful watchdogs. I hear he's trying to buy all of Kilkenny for more watchdogs.

JIMMY SPENCER is making movies now. His most recent movie was one of those blood-freezing horror movies called, "The Purple-People-Eater Burps Again." He had a TV show last year, called "Public Vampire Number One," but no one would watch it. They were "chicken!"

PAT COHOON is making her million in the modeling business. She models for "Eighteen," the teen-agers' fashion magazine. She also poses for cigaret ads, automobile ads, and used-rocket ads. Her picture is on every billboard from planet to planet.

LYNDA FAYE DAVIS is quite a big-name out in Texas. She has the second largest ranch in the world. Every year, she competes with the top cowboys at the National Rodeo at Madison Square Garden. This past year, she was named "Miss Cowpoke of 1970." She can ride those bucking broncos to a standstill.

CHESTER COOPER has a new TV show called "Drag Your Own Net." He plays Sergeant Thursday. All the kids are watching Chester instead of Mickey Mouse.

PAT SPENCER is a Hell-Driver. She always drives in those races that have hair-pin curves. So far, she's made them all. She doesn't always win, but she drives a hard race.

ANNA JO EVERTON decided she liked Gum Neck so well, that she thought she would move down there. There's only one drawback: every time she goes down there, David Cohoon's watchdog mosquitoes attack her. If she ever gets past those mosquitoes, she'll have it made.

GLORIA FAYE HOPKINS is in the WACs. A few months ago, she was made a Four-Star General. She's really tough on her girls, I hear.

BILL DAVENPORT is a Jet Pilot in the Air Force. He was the first man ever to fly over the South Pole upside-down.

JOE CRADDOCK is a singer on the "Grand Old Opery." He has been offered several movie contracts, but so far, has turned them all down. In his spare time, Joe invents new farming implements. His latest is a potato digger and grader combined. They have been selling like wild-fire.

DORA WARD and WANDA WOODLEY are co-owners of the new railroad that's just been put into Columbia. The first day that the train came to Columbia, there was a huge crowd at the depot. Dora led the crowd in singing "I've Been Working On The Railroad," while Wanda played the piano.

CARY COHOON owns and operates the world-famous Cohoon Beach. There are sights to be seen there. It's a regular circus! SALLY SIMMONS is the wild animal trainer. While Sally isn't training animals, she is a lady patrolman. She keeps those wild Columbia drivers hopping.

KAY MELSON is a movie producer and director. Her most famous movie was "Snow White and the Seven-Ups," filmed in Technicola. She tried to get Jimmy Spencer to play as one of the Seven-Ups, but the role wasn't big enough to suit him, it seems. Well, we're pulling into the speedway at my winter resort. I'll go in and think some more of my classmates and of days gone by at CHS.
